Selectmen's Meeting

JANUARY 28, 1986 - by VIRGINIA ARRAL
MOMENT OF SILENCE OBSERVED
FOR FALLEN ASTRONAUTS

Last Tuesday's Selectmen's meeting was opened by Chairman John DeCosta asking for a moment of silence in remembrance of the seven astronauts who died so tragically that morning in what he termed "a national disaster". "This is a sad day for this country, and we will fly the Town Hall flag at half-mast for a week."

The silence was also in observance of the death on January 24th of George Correa, a well-known Mattapoisett resident who was known as "Mr. Democrat" to his many friends.

In the business session, Selectmen met with Brian Nunes, shellfish constable, to discuss the serious condition of the high count of fecal contamination registered by the state DEQE in the Mattapoisett River. The high fecal count of 2,400 is 1,000 times the acceptable limit and was taken in the section between the pumping station and the arch bridge, said Nunes. He explained the state has been putting off permanently closing the river; however, the state has warned that once it is permanently closed it is hard to get it reopened.

"There doesn't seem to be any doubt as

to where the pollution is coming from", Nunes said, "as it seems to be coming from a pipe located in that specific area between the station and the bridge. When there is an area with green grass, especially in the winter, this is a definite clue," the Shellfish Constable stressed.

The Selectmen requested members of the Board of Health come to the meeting from their office at that time to reach a decision on the best action to take. DeCosta said something should be done immediately. Selectman Frank Suzan said, "Plug the pipe, and you'll find out in a hurry who it belongs to."

An agreement was reached to notify the homeowners in that immediate section that the pipe would be plugged on Monday (February 3). On the Friday (January 31), following the Tuesday meeting, Donald Wood, Board of Health Agent, said that five people were notified by registered letter and that by Friday he had received a couple of calls from the parties involved seeking more information. The party or parties at fault will be given 48 hours to correct the situation, Wood explained.

When Evelyn Ellis, chairman of the Board of Health, member Dan C. Lee and Wood met with the Selectmen, Mrs. Ellis said if the contamination contributes to health problems, the house can be condemned. Wood and Mrs. Ellis confirmed that they had put dye in a house in that area awhile back with no results. However, that doesn't prove it couldn't be that house, she added. Mrs. Ellis noted that sometime in the Spring the Board of Health members plan to walk the river to view potential problems before they get serious.

Mrs. Ellis said, basically, "we have gone through our budget for testing. We need more money and we plan to ask for additional funds at the annual town meeting for continuation of the testing pro-

Virginia C. Cain Patricia Petit Pamela Petit

School Committee and three as a one-term Selectman) admitted it was a tough decision to make, whether to seek re-election as Selectman or to seek a state office. But, he said, he felt this was the right time to make a change.

He told Selectmen they had all worked well in the past with the sharing of the sewer system, water, and SEMASS. The same concerns "we have shared with budgets and the environment, I will take to Boston," he added.

ACCEPTED THE RESIGNATION of Paul I. Levine, 5 Hunters Lane, from the Recreation Committee. Levine feels he no longer can properly satisfy the requirements of the committee and should step aside.

Chairman DeCosta said Barry Haskell, Recreation Director, will make a recommendation for a replacement for Levine.

The board also accepted the resignation of Richard Mitchell as a member of the Arts Lottery Council. Mitchell feels he does not have the time to give to the duties of the position.

RECEIVED NOTICE of the 1986-1987 tentative operating and maintenance budget of Old Colony Vocational Technical High School District School Committee in the amount of \$3,394,972.77. Mattapoissett's share was tentatively set at \$105,372, a small increase of \$7,800 over last year's assessment of \$97,492.

DeCosta said this isn't too large an increase and that the committee presented a

tight budget. The other towns in the District are Acushnet, Carver and Rochester. It was noted a public hearing on the proposed budget will be held at 7:30 p.m. February 26th at the vocational school; the public is invited to attend.

RECEIVED A LETTER from John A. Kelenosy, assistant administrator at Tobey Hospital, requesting a list of the men's clubs in town. DeCosta listed the Lions Club, the Machacam Club and the Florence Eastman Post 280, American Legion.

RECEIVED A LETTER from Greer Ellis, 7 Hillside Avenue, in which he repeated a concern he expressed over five years ago on the potentially serious problems of allowing the Mansfield marina and the approximately 300 moorings the plans call for in an area 4000 feet by 1200 feet in the Mattapoisett harbor.

He urged the Selectmen to do what they could to keep pushing to see that the harbor is properly used in the best long-term interest of all the townspeople.

Ellis feels some potential problems are: 1.) that non-local persons tend to stay overnight on their boats at their moorings, causing pollution problems; 2.) more boats and people -- more vandalism, theft and general commotion; 3.) more policing will be required, most probably at the town's expense.

RECEIVED WORD from William Lamb of 26 Mechanic Street who complained that the snow no parking ban on the east side of Mechanic Street is not being enforced.

Lamb said he has cooperated when the police asked him to move his vehicles. However, he informed the police it wasn't being enforced for everyone on the street, as some of his neighbors were not observing the ban. The board agreed to notify Police Chief James Moran to follow up on the complaint.

Water St., Mattapoisett

WERE NOTIFIED by the Mattapoisett Congregational Church concerning the 250th anniversary of the "Church in the Second Precinct". Selectmen, as well as the entire community, are invited to attend the planned programs.

Starting the last Tuesday in February and running for four weeks there will be a series of lectures dealing with the history of the Congregational Church from England to the present.

The first Sunday in April will feature a concert by massed chorus from neighboring towns, followed on the 13th with a formal dedication of the Parish Hall and a chowder supper. In May, a special music program on the 18th, will be followed early in June by a family picnic on the church grounds.

A special logo has been designed and there is expected to be a commemorative china plate designed and available as a memento. In sending the notice, Church Moderator Kenneth W. Stickney wrote, "We believe this is an important event in the continuing life of the town, and hope you can join with us in the events celebrating this anniversary."

Selectmen agreed to attend as many as their schedules will permit.

essor; and for one-year terms: Richard W. Blasdale, Moderator; Wesley N. Bowman, Tree Warden; Antone J. Nunes, Herring Inspector; five-year term Planning Board, Lawrence J. O'Pezio.

February 14 is the last day for taking out nomination papers; February 18 the last day for filing nomination papers and March 5, the last day to withdraw nomination papers. March 12 is the last day to register for the annual election, and April 15 is the last day to register for the town meeting to be held on May 5, said Town Clerk Lois K. Ennis.

No Pumping onto Public Ways

FROM THE BUILDING INSPECTOR'S OFFICE
TOWN OF MATTAPOISETT

A reminder that the town's by-laws prohibit anyone from allowing water to be pumped or drained onto the public ways during the winter months. It is necessary that this by-law be enforced because of the hazardous situations that are created. I must strongly discourage anyone from attempting to solve their water problems in this manner.

Mattapoisett Seniors

TO CELEBRATE FEBRUARY 13

The Mattapoisett Seniors' Club will be calling on its members in the coming days to create their favorite recipes for the potluck Valentine luncheon to be held February 13 at noon in St. Anthony's Church Hall.

Members may bring guests if they so alert the telephone committee, which will be taking a count of those who wish to supply a main dish, vegetables or salads. The club will provide the dessert.

Mrs. Rita Rothwell is general chairman of the luncheon and Miss Emily Perry is heading the telephone committee.

A business meeting will follow at which Mrs. Eileen Hurley, president, will preside.

Lions' Calendar Sale

HAVE YOU BOUGHT YOUR 1986 LIONS CLUB CALENDAR YET?

The 1986 Mattapoisett Lions Club Calendar drive is winding to a close. Lions Club members are still circulating around town selling the calendars. The sales have been excellent, but our goal for this year has yet to be reached. If you have not been approached and wish to purchase a calendar, which includes listings of your family birth dates, you can call the following numbers: 758-3726 or 758-9040.

The funds derived from this drive are used to finance the projects promoted by the Lions Club; also, to support the many Lions Club charities, particularly those dealing with eye research. The Mattapoisett Lions Club has already pledged \$5000.00 towards eye research for 1986.

Local organizations to benefit from Lions Club contributions have been the Mattapoisett Senior Citizens; Mattapoisett Public Library; Mattapoisett Nursing Home; Center School Playground; Mattapoisett Tennis Courts; Mattapoisett Bandstand Restoration; Harbormaster's Boat; Boys and Girls State Sponsors; and many others.

Please help us with our most worthy drive; purchase a Lions Club Calendar.

Problems of Retirement

TALK SCHEDULED

On Tuesday, February 11th, at 7:30 p.m. David Goodenough will give a talk on The Problems of Retirement in the Parish Hall of the Mattapoisett Congregational Church. This was originally planned for the Lay Shepherds only, but there is such great interest in this topic that we are opening it up for anyone in our community. If you know of people who are having difficulty with retirement or those who have a spouse or parents going through this transitional stage of life, invite them to come.

Parent-Teachers Club

The Mattapoisett P.T.C. will hold their monthly meeting on Thursday, February 13th, at 7:30 p.m. at Old Hammondtown School. All interested persons are welcome to attend.

Mattapoisett Council on Aging

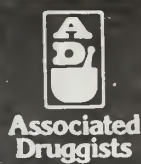

We are informed that the next distribution of Government Commodities will take place on Thursday, February 18th. This distribution of butter, cheese, and possibly rice will take place at 1 o'clock at the American Legion Hall on Depot Street, and then move to the Elderly Housing Project on Acushnet Road at 3 o'clock. Please remember to bring your cards showing that you are entitled to the food. If in doubt of the necessary identification, check with Julie at our office, telephone 758-

SHE'LL LOVE YOU FOR IT

ANNETTE SANTOS
996-6956

84 Huttleston Avenue
Fairhaven, MA 02719

Before Fred And Ethel Retire To Their Dream House, They'll Retire Their Mortgage And Save \$23,000 In Interest.

SuperMortgage Is Here!

Yes, you can own your own house before you're old and gray. Yes, you can build equity faster and save thousands of dollars in interest.

Here's how SuperMortgage works:

Instead of paying your usual monthly mortgage, you pay **half** your monthly mortgage every two weeks. Why does that make a difference?

Because one payment every two weeks adds up to 26 payments a year, which is equal to 13 monthly payments. Believe it or not, this sharply reduces the amount of your interest as well as the length of your mortgage. (See chart below.)

To make things even easier, Fairhaven Savings Bank will deduct your SuperMortgage payments right from your NOW Checking or Savings account.

We'll even reduce your initial interest rate by 1/4%.

To find out more of the advantages of SuperMortgage, drop by any branch of Fairhaven Savings.

SuperMortgage. Only at Fairhaven Savings Bank.

Member
FDIC/DIFM

	DATE	APR*	LOAN AMOUNT	PAYMENT	TERM	TOTAL AMOUNT	INTEREST	INTEREST SAVINGS	FINAL PAYMENT
Regular Mortgage	1/1/86	9.90	\$50,000	\$445.57	25 Yrs.	\$133,671	\$83,671		January 2011
Super Mortgage	1/1/86	9.92	\$50,000	\$222.79	19 Yrs.	\$110,058	\$60,058	\$23,613	January 2005

In this example, after one year, you will have paid an additional \$445.57. This lowers the amount of the loan payable in later years, reducing the loan term by 6 years and producing \$23,613.00 in interest savings.

* One-year adjustable rate mortgage with a 2% annual rate cap and a 5% life cap. Rate is based on a one- to four-family, owner-occupied home.

**General Motors
asks for
better gasoline
to power
high-tech
engines.
Mobil has it.**

Clogged fuel injector

New fuel injector

Car-builder concerns

Major domestic and foreign car builders are concerned about the formation of deposits in port fuel injectors in today's high-tech engines.

General Motors has taken a leadership role in pinpointing the need for an improved fuel. They have sent a letter to oil companies and expressed a concern that today's port fuel injectors are sensitive to gasoline quality and that their performance could be seriously impaired by deposits.

Mobil commended

In the letter, General Motors commended Mobil for providing a gasoline that helps prevent fuel injector deposits. The letter indicated that while other oil companies are planning to improve the

quality of their gasoline, Mobil already has.

Twice the detergent.

All grades of Mobil unleaded keep fuel injectors clean. But just two tankfuls of new Mobil Super Unleaded, with a plus of twice the detergent it had before, can actually start to unclog dirty fuel injectors.

High octane for power and performance.

Mobil Super Unleaded has high octane. It helps keep your car from idling roughly, hesitating and stalling, so you get the power and performance you want.

So thanks General Motors for thinking so highly of our new Super Unleaded. Someday all gasolines may unclog dirty fuel injectors. But why wait for someday when Mobil Super Unleaded can unclog them today.

This information meeting will be held from 6:00 - 8:00 p.m. If anyone has any questions regarding this night, please feel free to contact either Mrs. Paula Simmons or Mr. Richard Mitchell in the Guidance Office at Old Colony at 763-8011.

8th GRADE STUDENTS TO TOUR OLD COLONY

On Monday, February 10th, Rochester and Mattapoisett 8th grade students from Old Rochester Regional Junior High School will tour Old Colony Regional Vocational Technical High School in Rochester.

The annual tour is to help students decide if a vocational education is appropriate for them. Students have an opportunity to see the Automotive, Cosmetology, Culinary Arts, Data Processing, Electricity, Electronics, Health Service Assistant, House and Mill Carpentry, Machine Drafting, Machine Shop, Metal Fabrication, and Offset Printing shops in operation, as well as view the academic area.

The Old Colony Regional School District consists of Acushnet, Carver, Mattapoisett, and Rochester. There is no tuition charge for district residents and transportation is provided by the school.

While at Old Colony, students receive

ORR Math Team

The ORR Math Team competing in the New
England Mathematics League ranks 32nd out
of 260 schools in New England after three
meets. ORR is second in Plymouth County be-
hind Hingham High School. Leading scorers
for ORR are Brian Reid, Erik Morris, David
Tremblay, Christine Knight, Sue Reid, Becky
Crook and Vicki Hiller. In Plymouth County
ORR leads such schools as Brockton, Hull,
Marshfield, Norwell, Notre Dame Academy and
Scituate.

ORR Chess

The ORR Chess Team defeated Wareham on
January 21st by a score of 5-0 and raised
its record to 6-0 for the season. This was
the fourth shut-out of the season for the
defending State Champs and marked the team's
43rd consecutive victory without a loss in

almost four years. Winning for ORR were:
Aaron Sylvia (captain), Erik Sylvia, Brian
Reid, Gary Prevost and Nat Everett.

Mr. Cameron, Chess Team Advisor for ORR,
had nothing but praise for the ORR five and
said, "They're all business in their matches.
They are not merely looking for wins, but
they expect shut-outs. They're very un-
happy and disgusted with themselves when
they win 4-1--they want perfection. Each
player spends a great deal of time on his
game, analyzing moves and studying famous
games. They all play computer chess and
several play in local tournaments in the
area."

The Chess Team ran its record to 7-0 on
January 27th with a 5-0 shut-out of Dart-
mouth High School and is quickly approach-
ing its fourth consecutive undefeated sea-
son. Leading the record breaking Bulldogs

were: Aaron Sylvia (captain), Erik Sylvia,
Brian Reid, Gary Prevost and Natt Everett.

According to Mr. Carmon, "this was one
of the quickest matches in recent memory.
The third and fourth boards won in about
10 minutes while boards one and two were

Democratic Caucuses

The Mattapoisett Democratic Town Committee is convening a Caucus to elect 4 delegates (2 men and 2 women) to the 1986 Democratic State Convention which will be held in Springfield on May 17, 1986. The Caucus will be held Saturday, February 8, 1986 at 2:00 p.m. in the Conference Room of the Town Hall. Persons eligible to participate in the Caucus are those who are registered Democrats in the Town of Mattapoisett as of December 30, 1985. There will be no absentee or proxy voting.

Immediately following the Caucus, the Town Democratic Committee will convene to select 4 representatives (2 men and 2 women) to the 1986 Senate District Conference to elect State Committee members. The conference will be held March 8, 1986 in New Bedford. This meeting is open to all registered Democrats as of December 30, 1985 in the Town of Mattapoisett.

IS SKIING A SAFE SPORT?

You hear the crackle of the soft snow; you feel the crispness of the wind on your face; you tingle with the warmth of the sun on your back; you are exhilarated with the speed and movement. It is estimated that more than five million Americans will experience the joy and freedom of skiing this year. Unfortunately though, it is also estimated that 600,000 will experience the pain of injury.

That's a lot of injuries. The next questions then is, "Is skiing an unsafe sport?" The answer is "no"—it is no more unsafe than most other sports. Oh certainly, statisticians and insurance actuaries can issue a list of sports and rank them in order of danger. But this is based on frequency of injury rather than inherent qualities of the sports themselves.

It's not sports that are dangerous—it's the people who participate in them.

According to skiing authorities, about 50% of the injuries are equipment-related, while the other 50% are due to poor physical conditioning and negligence. So that leaves very little to blame on the sport itself.

First, let's talk about physical conditioning because that should be second nature to anyone who

would even consider so vigorous a sport as skiing.

Physical conditioning is important because the energy-absorption ability of the bone is minimal. The skier's primary defense against injury is muscular conditioning. According to doctors of chiropractic, especially those in ski areas, there is a direct relationship between lack of conditioning and structural injury.

Anyone who thinks he can go away on a ski weekend without being prepared physically is making a serious mistake. Skiing not only requires specialized attention to knee and leg exercises, but also a general good tone of the body. It is the type of sport that requires endurance and structural maneuverability.

In terms of equipment, remember that it should be of high quality construction, proper fitting, and well maintained. For example, because some parents consider ski-bindings for their children in the category of "toys," children often have inferior equipment. The result: a high frequency of injuries of the bone growth centers among children.

The American Chiropractic Association also reports that ski poles have been the basis for many shoulder and thumb dislocations, and for muscle problems in the arms

and back. Without pull-away straps, a pole caught in a shrub exerts a tremendous shock on the limb as the body moves forward with speed.

Also, the skier should not overlook his or her clothing. The skier must be properly dressed for the activity—not become chilled or overheated. Too much or too little clothes can both contribute to colds and other respiratory problems.

Properly-designed ski clothes let you take simple falls without getting wet and without getting hurt. Ski clothes should have a high coefficient of friction, which slows the speed of the skier when he comes into contact with the snow.

Whether you are a novice or a seasoned professional at snow skiing, remember that your body is your machine. To protect it, you must practice safe procedures and keep it operating efficiently. Since chiropractic is a health discipline which places particular emphasis on the structural integrity of the body, many skiers visit their doctors of chiropractic frequently—utilizing the procedure as a preventive, as well as a curative measure.

available to those in the Greater New Bedford area," says Lotz. "The Red Cross is very appreciative of the support which the university had lent to this public service program."

In order to qualify for the course all students must be 17 years of age by the first course date and be currently certified in advanced lifesaving. On February 5th a preliminary swim test comprised of the five basic strokes (crawl, breast, back crawl, elementary back, and side), an underwater swim (20 yards), a timed swim (200 yards under three and a half minutes), and life-saving defensives and releases will be given. Students must successfully complete the swim test in order to continue in the program.

Pre-registration is required and can be made at the New Bedford Red Cross. SMU students must register at the pool office at SMU. Further information is available by calling the Red Cross at 996-8286.

body and introduce new ways of releasing this tension. The class will be held on Tuesday evenings from 7 to 9 p.m. for 4 weeks beginning February 25th. Registration for YMCA members will begin February 10 and for the general public February 17th. Cost of the program will be \$35.00. There is limited registration.

The YMCA is dedicated to enhancing both the physical and mental well-being of all individuals. The Creative Relaxation Classes are designed to help participants become aware and deal with stress and tension within their bodies and lives. Techniques to be used during the workshop will be creative visualization, physical movement, music, yoga and plain 'ole' fun.

As new techniques are introduced and experienced, you will be sharing your thoughts and feelings. Competition is never a part of our class. You will move at your own pace. You will learn relaxation through creative visualization -- a guided day dream. Breathing techniques for relaxation and so much more. Wear loose comfortable clothing, bring a pillow. Come to relax.

Instructor for the program will be Marjorie Musacchio. Marjorie is a Certified Wellness Educator. She graduated from the

FISH & QUIPS

1. In serving fish and other seafoods, the importance of an attractive and appetizing garnish should not be overlooked. A dash of color or a touch of garnish can turn a plain dish into a highly satisfying one. Some of the common garnishes are beets, carrots, cucumbers, lemons or limes, oranges, radishes, hard-cooked eggs.
2. When baking lean fish, some form of liquid or sauce is added to prevent drying; however, if the fish has a high fat content the addition of a liquid or sauce is unnecessary. Some lean fish are cod, smelts, haddock, sole, halibut and flounder. Fish high in fat content are bluefish, salmon, pomano mackerel.
3. All shellfish are low in fat.

Goal 1 - Physical and Emotional Well-Being

Education should contribute to the learner's physical and emotional well-being, especially to a sense of personal worth and to a capacity for influencing one's own destiny.

Objectives:

1. The learner must understand human physical development and be able to apply this knowledge to improve his/her ability to learn and to establish good life-long health habits.

2. The learner must begin to understand emotional development, to understand his/her own emotional needs, and to recognize the needs of others.

Goal 2 - Basic Skills

Education should develop in each learner the basic skills needed for communication, perception, evaluation, and conceptualization of ideas. Among the most important are reading, writing, speaking, listening, and arithmetical skills.

Objectives:

The development of these skills and the detection and treatment of learning problems interfering with this development will be given priority consideration by instructors using a variety of techniques.

We recognize the wide variations in the learner's development of these basic skills and are committed to instruction which is individualized, patient, and supportive.

Goal 3 - Effective Uses of Knowledge

Education should provide for each learner access to man's cultural heritage, stimulate intellectual curiosity, and promote intellectual development.

Objectives:

1. Through a knowledge of human development, the learner must understand the past and present in order to prepare himself/herself to meet the challenge of the future.

2. Our expanded technology necessitates that the learner develop improved skills in the retrieval of information.

3. Curriculum and teaching techniques should provide the excitement of exploration and discovery.

Goal 4 - Capacity and Desire for Lifelong Learning

Education should foster and stimulate in each learner the natural desire for lifelong learning and should develop the skills necessary to fulfill that desire.

Objectives:

1. The learner shall be offered a variety of educational opportunities providing for a wide range of human interests, needs, abilities and learning styles.

2. The learner shall be evaluated on an objective basis with the primary goals correction and the improvement of understanding so as to encourage self-motivation.

Goal 5 - Citizenship in a Democratic Society

Education should provide each learner with a knowledge and understanding of how our society functions in theory and in practice; education must also foster individual commitment to exercise the rights and responsibilities

of citizenship and to protect the rights of others.

Objective:

The learner shall develop an understanding of the foundation of political institutions; and appreciation for the society of Man and its history; and a thorough grasp through participation of the structure and workings of our civil affairs.

Goal 6 - Respect for the Community of Man

Education should provide each learner with knowledge and experience which contribute to an understanding of human similarities and differences and which advance mutual respect for humanity and for the dignity of the individual.

Objective:

The student is provided the opportunity to increase his/her understanding of human similarities and differences in all courses and activities.

Goal 7 - Occupational Competence

Education should provide the learner with the skills,

experience, attitudes, and guidance for job or school placement.

Objective:

The learner will be given the opportunity to develop a capacity to adapt to changing conditions, to pursue further education or job placement.

Goal 8 - Understanding of the Environment

Education should provide each learner with knowledge and understanding of the physical, and biological worlds and the balance between man and his/her environment and should develop attitudes and behavior leading to intelligent use of the environment.

Objective:

Students shall have the opportunity to become acquainted with the biological and physical nature of the world in which they live through course study.

Goal 9 - Individual Values and Attitudes

Education should expand and advance the human dimensions of all learners especially by helping them to identify and cultivate their own spiritual, moral, and ethical values and attitudes.

Objective:

The staff will encourage an atmosphere to mutual respect among administration, faculty, and students by constantly encouraging the development of self-confidence in individual students and by setting high standards of personal action.

Goal 10 - Creative Interests and Talents

Education should provide each learner with varied opportunities to nurture interests, to discover and to develop natural talents, and to express values and feelings through various media.

Objectives:

1. The opportunity will be provided to the student to become aware of ways in which creative talents and interests can be developed.
2. Courses and activities will be provided which encourage students to identify and develop their own talents.

Tickets priced at \$3.50 are on sale at the Box Office and available by calling 994-2900.

Based in Providence, Rhode Island, the Kaleidoscope Theatre has had international exposure and acclaim for their original performances at two National Conventions. Lauded for their unique versions of famous fairytales, the Kaleidoscope Theatre gained a large following when they were seen for three years on WPRI-TV, Channel 12, the ABC affiliate in Rhode Island.

The production of Cinderella is loaded with beautiful songs and exciting dance, gorgeous costumes and colorful sets. A touch of magic makes this show fun for all ages, with lots of audience involvement and participation.

This timeless tale is the story of a beautiful young girl who lives with her mean stepmother and stepsisters. The young girl, Cinderella, is left at home while everyone else dresses in their finest to attend the ball given by the handsome Prince at his palace. With the help of her magical Fairy Godmother, Cinderella attends the ball and captures the heart of the handsome Prince, only to escape at midnight before he discovers who she

Executive Director, received word of the cancellation late last week from Columbia Artists Management International, Marceau's booking agent. A recent illness has forced Marceau to cancel his entire United States tour, which would have begun in February.

According to Freedman, "Marceau was to be the second attraction in this season's Merrill Lynch International Series. All possibilities of rescheduling M. Marceau for the 1986-87 season are being explored. However, I'm pleased to announce that Merrill Lynch has agreed to continue its corporate support by underwriting another program already scheduled for this spring, 'The Best of Gilbert & Sullivan', featuring stars from the D'Oyly Carte Opera Company from London on Saturday, April 5th. This continues to show Merrill Lynch's commitment to excellence, the Zeiterion Theatre and

the New Bedford Community."

The Merrill Lynch International Series will conclude on April 26 with "Famous People Players", a Canadian company that has received international acclaim, endorsements from such personalities as Paul Newman and been the subject of several television documentaries.

Patrons holding tickets for the March 16 Marcel Marceau performances have the option of exchanging them for tickets to "The Best of Gilbert & Sullivan", for other Zeiterion sponsored shows, or for a full refund. The Zeiterion asks that these individuals stop by or call the box office at 994-2900.

S.M.U. Chamber Orchestra

An appearance by pianist David Langevin and the premier performance of a work composed by Robert Train Adams will highlight a concert by the SMU Chamber Orchestra Sunday afternoon, February 9th, at Southeastern Massachusetts University. The performance, under the artistic direction of Professor Josef Cobert, will take place in the main auditorium of the campus center at 3 p.m.

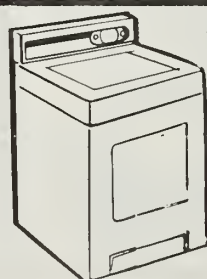

The program will consist of Symphony No. 88 in G Major by Joseph Haydn, Pictures from Breughel (for orchestra, chorus and soloists) by Robert Train Adams; and Piano Concerto No. 3, Opus 37 in C minor

by Ludwig van Beethoven, performed by David Langevin.

At the age of 12 David Langevin won a scholarship to the Juilliard School of Music. He studied theory and piano with the late Professor Jose da Costa, piano with Jane Carlson in New York and Virginia Eskin at the New England Conservatory, and is currently studying with Dr. Eleanor Carlson at SMU.

In 1968 Robert Train Adams was awarded the George Ladd Prix de Paris, a fellowship which took him to the Paris Conservatory to study composition with M. Tony Aubin. He also studied with Dr. Ton de Leeuw at the Amsterdam Conservatory. Adams received his B.A., M.A. and Ph.D. in music from the University of California at Berkeley and is an associate professor of music at SMU.

Admission for the concert is \$2.50 for the general public, free to SMU students. Visitors should use parking lots 4 and 5.

Please Report Marine Mammals

The Lloyd Center for Environmental Studies has been accepted to participate in the Marine Mammal Stranding Network coordinated by the New England Aquarium. The Center will be responsible for the identification, care and transportation of live marine mammals found in our area and for the identifi-

business hours (9:00 a.m. - 5:00 p.m.) to report any sightings of these animals and any animals found on beaches or other shore areas should be reported immediately. An emergency number will be on the Lloyd Center's answering machine during non-business hours.

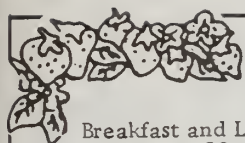

A fourteen foot long female pilot whale, two dolphins and two harbor seals have all been found dead on the Buzzards Bay western shore in the past year. The Lloyd Center staff, under the direction of volunteer Staff Marine Mammologist Bob Caron, has recorded information on each animal, attempted to determine cause of death and dissected each animal, saving organs and complete skeletons for exhibit and educational programs. Rob Marshall, Lloyd Center Research Assistant, with the assistance of interns, has been working on putting together the skeletons for display, and has assisted with the dissections.

The Lloyd Center is putting together a team of volunteers, interns and staff to assist with shore-watching, care of stranded, live animals and to deal with dead marine mammals and turtles when they are found at

the shore. Members of the S.M.U. Student Biology Association, Mike Ryer from Buttonwood Park Zoo, Bob Bailey from the Children's Museum and others have already volunteered to work on this project. The Center is seeking additional volunteers who are willing to be on call when a stranding occurs or who can assist with the dissections of dead animals to determine cause of death and to prepare the animals for exhibit. Please call the Lloyd Center if you are interested in joining this team.

Bob Caron is Laboratory Assistant at Bristol Community College who has researched whales in Cape Cod Bay, specifically the bacterial content of whale exhalation. He also assists with the preparation of marine mammals for exhibit for the Center. Rob Marshall worked on the seal rehabilitation project at the College of the Atlantic and personally hand-raised and released into the wild two harbor seal pups which were brought to the College for care. Both have worked on the dissections of the animals which have been found in our area of late.

People are urged not to disturb or in any other way interfere with any stranded animals which they may find as these animals are protected by the Marine Mammal Protection Act, a Federal statute prohibiting any but a few agencies to deal with these often endangered and at times sick individuals. After someone has found a marine mammal or turtle on a beach call the Lloyd Center promptly and be prepared to give explicit

stars? Where do they come from? Does the sky's appearance change from season to season? Are there any other visible objects in the sky beside stars, planets and Halley's Comet? Join Lloyd Center School Program Coordinator and resident astronomer Sandra Ryack-Bell on the Center's rooftop from 7:30 to 9:30 p.m. and learn to identify the winter constellations, star clusters, Orion's nebula and binary star systems.

The Lloyd Center's rooftop observation deck, 100 feet above sea level and far from city lights offers an unobstructed view of the horizon with little light pollution. The clear crisp air of winter makes for ideal conditions for night sky watching. Participants should dress warmly and bring along a pair of binoculars. The cloud date is Thursday, February 13th. Registration is limited and reservations are required. To register please call the Lloyd Center at 990-0505.

of 1985 Fellowship recipients in the visual arts and a demonstration of a Fellowship panel meeting. "We want artists to know how Fellows and Finalists are selected," says Lucine Folgueras, Fellowship Program Director. "We can answer questions about the upcoming March 3 deadline for 1986 visual arts and design and the built environment fellowships."

In 1985 the Massachusetts Artists Fellowship Program awarded fifty Fellowships of \$7,500 each and seventy-five Finalists' awards of \$500. each to Massachusetts artists. Fellowships in the Visual Arts are given in the following categories: Artists Books, Crafts, Drawing, Interarts, Painting, Photography, Printmaking, Sculpture and New Genres.

Lawyers and Accountants for the Arts and other Foundation sponsored services will

be introduced. Foundation representatives will be answering any and all questions regarding the March 3 deadline. The workshop will be of special importance to all working artists in the area.

Both the workshop and refreshments are

Children's Museum

"THE TELESCOPE AS A TIME MACHINE" will be featured at ASTRONOMY NIGHT at the Children's Museum in Dartmouth on Saturday, February 8th. The slide show and talk will begin at 7:00 p.m. to be followed by night sky viewing with the Museum's ten inch telescope, weather permitting. If the sky is cloudy, viewing will be postponed to Sunday evening, but the slide show will be held on Saturday.

The slide show and talk will be given by Gerald Dyck, Astronomer-In-Residence at the Children's Museum. Mr. Dyck constantly shares his enthusiasm for astronomy with those attending the monthly astronomy nights. Participants will have the opportunity to look back in space and time. Mr. Dyck will show slides and tell about distances in the universe, from those very close to those very far away. Participants will be able to look into the sky to see objects as they were 100 years ago, 1,000 years ago, 10,000 years ago and all the way back to 100 million years ago.

During February astronomy night viewing

"CREATE A SHIELD"

Design your own family's coat of arms and emblazon it upon a shield at the Children's Museum in Dartmouth on Saturday, February 8th, from 1 to 3 in the afternoon at a HERALDRY WORKSHOP for children ages 10 and up.

Learn the proper forms and terms as they apply to the Art of Heraldry. Participants will design and construct a 3-dimensional shield out of foam core. They will research and explore the past as they discuss the present.

Cost of this class, limited to 10 participants ages 10 and up, is \$3. for members and \$4. for non-members.

"CREATE A CARD"

Be prepared to present the love of your life with a special Valentine card.

Come and "CREATE A CARD" at the Children's Museum on Sunday, February 9th, from 1:30 to 2:30 p.m. The Museum provides all the materials and you provide the ideas. Take home a special card for someone special in your life.

The workshop is open to children age 5 and up. Cost of the class is \$1.00 for members and \$2.00 for non-members and

\$15,000. a Year - Part Time

Continuing Studies

SUBSTITUTE TEACHER TRAINING AT SMU

A training program in substitute teaching will be run on four consecutive Saturdays beginning February 8th by the state department of education in cooperation with the Division of Continuing Studies at Southeastern Massachusetts University. Upon completion of this non-credit certificate program a resource list of qualified substitute teachers will be distributed to area superintendents.

The program, which will run from 9 a.m. to 4 p.m. each Saturday at SMU's campus, is in response to the growing need for qualified substitute teachers within the southeastern Massachusetts area.

Session one, February 8, will include information on public schools, public school law and policies, and substitute teacher responsibilities; session two, February 15, will deal with instructional methods and strategies, and classroom management; session three, February 22, will

year western heroism. The five players are all distaffers, scrapping for control of a multimillion dollar Alamo Theatre complex in a Texas city.

Middleboro's Theatre One Productions, Inc. will open "Ladies of the Alamo" February 6th and continue February 7th, 8th, 14th, 15th, and 21-22. Curtain time is 8 p.m. Discount night is Thursday; group rates for 10 or more. Theatre One is located on Route 105, North Main Street in Middleboro. For information call 947-5091.

This is an adult comedy with strong language.

SMU Gallery

An invitational painting exhibition curated by the department of fine arts at Southeastern Massachusetts University will be held at the gallery in the visual and performing arts building February 4 through February 21. The exhibition will contain oils, pastels and acrylic paintings by eleven artists from southeastern Massachusetts, Boston and Rockport.

One of those exhibiting his work will be Fairhaven artist Zig Haynes, a respected landscape painter who is chairperson of the art department at the Swain School of Design in New Bedford. Newton artist Nathan Goldstein, a faculty member of the Boston Art Institute, is nationally known as an author of numerous books on the art

"WE COME TO YOU"!

able at Tobey Hospital, Inc. To date, patients in need of CT services, most often the elderly and acutely ill, have had to travel to other hospitals in southeastern Massachusetts and Boston for the diagnostic procedure. At a hearing held January 28, 1986, the Massachusetts Public Health Council granted approval of the Hospital's Determination of Need (DON) application allowing a joint venture between Tobey Hospital, Inc. and St. Luke's Hospital in Middleboro to share in the services of a mobile CT Scanner. The DON application is the result of more than a year of planning and negotiation between the two hospitals, both aware of the problems associated with patients being transferred elsewhere for services.

CT Scanning provides a cross sectional view of the body and is an excellent tool for the detection of disease and injury, particularly neoplasms (tumors) and trauma to the head and body. The concept of a mobile scanner affords community hospitals the opportunity to provide the service on a part time basis, thereby containing costs. The mobile unit will provide CT services on an emergency basis as well as regularly scheduled coverage two or three days per

Thornton W. Burgess Society

CELEBRATES 10th ANNIVERSARY

The year 1986 marks the 10th anniversary of the Thornton W. Burgess Society, which was incorporated in 1976 "to inspire reverence for wildlife and concern for the natural environment". To commemorate this special anniversary, the Society is offering a limited edition, dated cup plate featuring nine favorite animal characters from the Burgess stories circling the stated purpose of the Society. The new cup plate will first be introduced to members of the Society on Friday, February 7th, at 7:30 p.m. in the Sandwich Elementary School, Route 130, Sandwich. Sale of the new plate will follow the Society's annual meeting and the evening's featured program, a slide presentation entitled "In Search of New England's Wildflowers". Admission to the program is free and all are invited to join in the 10th anniversary celebration.

Winter Open House to honor the 10th anniversary will be held at the Thornton W. Burgess Museum, Route 130, Sandwich Village, on Saturday, February 8th, from 10 to 4, and on Sunday, February 9th, from 1 to 4. "Our Woodland Friends - the Owls" will be the featured exhibit, and refreshments will be served. The new cup plate will be available

in colors of bronze or clear as supplies last. The museum will remain open daily through February 22nd.

Health and Young Women

Health promotion and illness prevention for young women will be the theme to a workshop at Bristol Community College on Saturday, February 15th, from 9:30 a.m. to 3 p.m.

The workshop is the second in a series called "Women -- The Experience of Well-ness", sponsored by the Erna Yaffe Foundation in cooperation with the Bristol

Community College Foundation, the Pierce Foundation, Inc., the Sophia Romero Trust, and the Southeastern Massachusetts Area Health Education Center.

Topics discussed in afternoon workshops will include the stress of re-entering work or school, childbearing, substance use and abuse, and domestic unrest.

The fee is \$7.00 which includes a lunch. Child care services are available. Space is limited. To register or for more information contact Carol Bundy, Bristol Community College, 777 Elsbree Street, Fall River, MA. 02710; 678-2811.

LEGAL ADVERTISEMENTS

TOWN OF ROCHESTER, MASSACHUSETTS NOTICE

Notice is hereby given that the Board of Appeals will conduct a Public Hearing on the following applications:

1. Petition filed by David R. Kinney requesting variance from Section VI.A.1. to allow construction of a garage exceeding the maximum allowed of 750 square feet on premises at 544 Walnut Plain Road.

Hearing will be held on Thursday, February 13, 1986 at 7:30 P.M. in the Conference Room of the Town Hall.

2. Petition filed by Frank & Carolyn Mello, 116 Ryder Road,, for an extension of a special permit for temporary residence of a house trailer while constructing a permanent dwelling on said property.

Hearing will be held on Thursday, February 13, 1986 at 8:00 P.M. in the Conference Room of the Town Hall.

LEGAL ADVERTISEMENTS

TOWN OF MATTAPOISETT, MASSACHUSETTS NOTICE OF PUBLIC HEARING

Notice is hereby given that the Mattapoisett Board of Appeals will hold Public Hearings on the following applications:

1. Petition of George MacGarvey, 104 Simpson Dr., Framingham, MA. re property owned by him at 8 Bayview Ave., Mattapoisett, MA., said property being further described as Lot 63 on Plot 14A of the Mattapoisett Assessors' records and having 3600 square feet of area. Petitioner is requesting a Variance from minimum square footage requirements to allow him to enlarge two existing rooms by building an addition onto the existing dwelling. Hearing will be held on February 20, 1986 at 7:00 p.m.

2. Petition of Dennis Mahoney & Sons, David J. McIntyre & Russell W. Chase, Jr., re property owned by them on Fairhaven Rd., Mattapoisett, MA., said property being further described as Lots 41 and 42 on Plot 21 of the Mattapoisett Assessors' records and having 296,000 ± square feet of area. Petitioner is requesting a SPECIAL PERMIT, as required in the Special Permit previously approved May 7, 1985, to reduce the dimensions of Lots 41 & 42. The hearing will be held on February 20, 1986 at 7:30 p.m.

3. Petition of Barry & Audrey Saucier, 194 Marion Rd., Rochester, MA., re property owned by them at 8 Howard Beach, Mattapoisett, MA., said property being further described as Lots 15 & 16 on Plot 14 of the Mattapoisett Assessors' records and having 30,690 square feet of area. Petitioner is requesting an appeal from the Building Inspector and a SPECIAL PERMIT under Section III.A.1 (nonconforming uses) of the Mattapoisett Zoning By-Law to allow the enclosure of the existing foundation. The hearing will be held on February 20, 1986 at 8:00 p.m.

Complete plans and applications as filed are available for inspection during normal office hours in the office of the Town Clerk.

Tobey Babysitting Course

Prospective Babysitters may take advantage of the next training course at Tobey Hospital, Inc. on Wednesday and Friday, February 5th and 7th, in the Hospital Library at 43 High Street in Wareham. The two-part course will meet from 5-8:30 p.m. each day and is open to boys and girls, ages 11-14.

Instilling responsible babysitting skills, the course covers Basic First Aid and an introduction to CPR, Accident Prevention and Safety Measures, Handling Emergency Situations, Child Care and Development. Presentations by the Police and Fire Departments are offered as well as material for use on babysitting assignments. Upon successful completion of the course, certificates for wallet and for framing will be awarded to participants.

The Course Instructor is Janet Drum, R.N. Pre-registration is required and enrollment is limited. The cost for materials is \$10. per person. To obtain a registration form or additional information please call the Office of Resource and Development, 295-0880, extension 206.
